N. P. PRES. DONNELLY WILL BE HERE SATURDAY

WILL GIVE THE ADDRESS OF THE DAY

SPECIAL INVITATION ADDRESS-
ED TO HIM BY MAYOR CON
O'BRIEN

ACCEPTANCE RECEIVED TODAY
FROM RAILWAY EXECU-
TIVE

The "Better Sires Day" celebration in Brainerd Saturday, May 10th, is now assured the presence of its speaker of the day, President Charles Donnelly of the Northern Pacific railway company.

He had been especially invited by Mayor Con O'Brien and this morning the mayor received the following acceptance written by R. W. Clark, assistant to the president:

"Referring to my letter of the 2nd instant, in regard to your invitation to Mr. Donnelly to be in Brainerd on the 10th instant, at the time the blooded stock purchased by the Chamber of Commerce will be delivered to the farmers:

"I am today in receipt of a wire from Mr. Donnelly that he accepts with thanks your kind invitation to be in Brainerd at the time the stock is delivered."

The committee is now assured of its corps of speakers headed by President Donnelly. The program is being worked out in detail by committees. As outlined, there will be the stock selection, then the parade held in the morning. After dinner comes the stock judging by experts headed by Robert Geiger, secretary of the Minnesota Holstein Association of Minneapolis. Then comes the address of the day by President Donnelly, followed by short talks by breeders, farmers and others selected.

La Follette Nursing Health for Campaign; Goes to Atlantic City

Washington, May 6.—Sen. Robert M. La Follette, Wisconsin, plans to leave Washington for Atlantic City, where he hopes to recover completely from the ill health that has kept his seat in the senate vacant almost all of the present session.

Both old line political parties are watching with mixed emotions the third party threat involved in La Follette's role. Whether that threat ever will materialize depends largely on the Wisconsin senator's health.

La Follette is carefully nurturing this asset. He has kept to his home for months directing from there the movements of his group in congress. However, since recently passing the crisis of the case of pneumonia he developed, the dynamic senator has been slowly regaining strength. Now his physicians believe it is time for him to go to Atlantic City and begin on the last lap of convalescence.

Publishing Company Sale Called Probable

Minneapolis, May 6.—Sale of the Northwest Publishing Company, owners of the Minnesota Daily Star, was declared probable late Saturday, with creditors, stockholders the receiver and District Judge H. D. Dickinson conferring on two bids by Thomas Van Lear and John Thompson, respectively editor and general manager of the paper. One of these bids calls for paying \$50,000 for the paper and assuming secured obligations of \$275,000; the other for assuming all liabilities and making an ultimate payment of \$270,000 on unsecured obligations. Judge Dickinson and George Leonard attorney for Albert Dollenmayer, receiver for the property, told the bidders that if a cash payment of \$50,000 and assumption of all liabilities on a deferred payment plan was offered, the bid "probably will be accepted." Sale of the paper, scheduled for Saturday, was continued for two weeks, contingent upon possible agreement on the Thompson-Van Lear bid.

CLUB WOMEN IN DISTRICT MEETING, MOORHEAD

(By United Press)
Moorhead, Minn., May 6.—Mrs. William Russell, Moorhead, past district president of the 9th district Minnesota Federation of Women's clubs, welcomed the delegates to the annual district meeting here.

Mayor C. G. Dosland of Moorhead also addressed the women.

Mrs. Thomas G. Winter, Minneapolis, president of the General Federation of Women's clubs, was to speak at the afternoon session. There will be a banquet at 6:30 o'clock tonight. Tomorrow's feature will be the choral contest in which eight clubs have entered.

DEMOCRATS OF SENATE ADD TO TAX BILL

PUT THE REST OF THEIR RATES
INTO THE MEASURE
TODAY

SLIDING SCALE TAX ON CORPOR-
ATIONS AND INHERITANCE
LEVY

(By United Press)

Congress Today

Senate: Continues tax bill debate.
House: Contest over further consideration of the Barkley bill.

Washington, May 6.—Senate democrats proceeded to put the rest of their rates into the tax bill today as the session's long battle neared an end.

Their defeat of the Mellon income rate made them feel strong enough to put their sliding scale tax on corporations and their inheritance levy into the measure.

The Mellon surtaxes were replaced by the democratic 40 per cent maximum by a vote of 43 to 40 late yesterday, the three vote margin revealed exclusively in the United Press poll of the senate.

The normal rates of 2.4 and 6 per cent were adopted over the Mellon rates by a vote of 44 to 37.

Indications are that the democrats can now safely hold their margin for the remaining points to be disposed of—corporations and inheritance rates.

All sides now are confident that the bill finally will be gotten out of the way before Saturday and sent to conference. Night sessions will begin tonight and continue until adjournment is taken the first of next month.

REPUBLICANS VOTE TO DESERT MELLON PLAN

Washington, May 6.—Senate republicans voted today to desert the Mellon tax plan and seek the best possible compromise.

Smarting under the emphatic defeat of the Mellon plan in the senate, a caucus of republicans attempted to seek adoption of a 32 per cent surtax maximum and if that is defeated to go as high as 37 1/2 per cent.

The progressives who formed a coalition with the democrats which resulted in defeat of the Mellon plan, absented themselves from the meeting.

The action of the caucus was a complete abandonment of the Mellon rate schedule and definitely killed the proposals of the secretary of the treasury, as far as this session of congress is concerned.

Democrats also held a secret conference on the tax bill but no conclusions were reached, according to the leaders.

DEMOCRATS FILE STATE TICKET TODAY

JOHN J. FARRELL CANDIDATE
FOR UNITED STATES
SENATOR

CARLOS AVERY, FORMER GAME
COMMISSIONER, CANDIDATE
FOR GOVERNOR

(By United Press)

St. Paul, May 6.—Minnesota democrats today filed a complete state ticket and announced campaign plans.

John J. Farrell of Carver, former state dairy and food commissioner, heads the slate as their candidate for United States senator.

Carlos Avery, Hutchinson, newspaper publisher and until recently state game and fish commissioner, is the candidate for governor.

Fred L. Schlipf, St. Cloud, publisher of the St. Cloud Times, is their candidate for lieutenant governor and Ole Halverson of Minneapolis and Hector, a real estate dealer and former railroad telegrapher, is running for secretary of state.

Robert C. Bell, state manager of the William G. McAdoo campaign, is candidate for attorney general. H. H. Reindl, Odessa, is their candidate for state treasurer.

Joseph Wolf, Staples, democratic state chairman, made the filings with Secretary of State Mike Holm today. With no convention this year to elect a state ticket, party leaders have been conferring in the Twin Cities for the last ten days.

J. S. Jones, St. Cloud, known as "Jones of Rock" by reason of his legislative record, will become a candidate for congressman in the Sixth district, it was reported today and will campaign with those candidates filed today.

NO CAUSE FOR ALARM OVER AMERICAN NAVY

PRESIDENT COOLIDGE VOICES
HIS OPINION IN CON-
TROVERSY

STRENGTH OF NAVY IS SUBJECT
CONSTANTLY UNDER
STUDY

(By United Press)

Washington, May 6.—President Coolidge does not believe there is any cause for alarm in the condition of the American navy, it was declared authoritatively at the White House today.

The president told callers that the question of the strength of the American navy establishment is constantly under study and he was not inclined to believe the recent statement that the navy is falling into a dangerous state. These charges have resulted in the introduction of resolutions for congressional investigation.

MUSCLE SHOALS LEGISLATION

SEN. NORBECK SAYS ALABAMA
AND TENNESSEE PEOPLE
BLOCKED IT

Washington, May 6.—Blame for congress' failure to enact any Muscle Shoals legislation so far was laid to the people of Alabama and Tennessee today by Senator Peter Norbeck, South Dakota, a member of the senate agricultural committee.

Norbeck charged that citizens of those states had obstructed all legislation in the hope that by doing so ultimate acceptance of Henry Ford's offer for the project would be forced.

STORM BLOCKS AMERICAN ROUND THE WORLD FLIERS

(By United Press)

Cordova, Alaska, May 6.—Lieutenants Lowell Smith, Leigh Wade and Eric Nelson, American round the world fliers, will be unable to get away from Nazan, Island of Atka, for Chicago, Island of Atka, today, as planned, according to reports here. A storm has arisen which made flying conditions unfavorable.

GIRL IN THE CASE, ALLEGED SWINDLER, HAS CONFESSED

GLADYS NORMAN, SAID FEDERAL
AGENTS, HAS NAMED AC-
COMPLICES

TRIO CHARGED WITH FLEEING
AN IOWA FARMER OF
\$15,000

(By United Press)

Minneapolis, May 6.—Gladys Norman, arrested last December when she is alleged to have swindled Benjamin Fereday, Iowa farmer, of \$15,000, has confessed and named her accomplices, federal agents declared today.

Harry E. Keenan and J. H. Newton she said posed as federal agents when the three extorted \$15,000 from Fereday after threatening him with Mann act charges.

Both the men are now under indictment in the United States district court. The woman said she would testify against them.

San Francisco, May 6.—With the fight against hoof and mouth disease epidemic among California cattle practically won, a new danger appeared today to threaten the livestock industry.

Anthrax fever was discovered among cattle on two ranches in Lassen county.

10 TO 20 YEARS FOR CELIA COONEY AND HER HUSBAND

(By United Press)

New York, May 6.—"From 10 to 20 years in prison," Celia Cooney, who was Brooklyn's bobbed haired bandit, heard this sentence passed upon herself and husband by Justice Martin today.

It was the maximum sentence possible under the law, the couple having pleaded guilty to a charge of assault and robbery.

Justice Martin addressed himself to the girl rather than to her young husband.

"You must be taught that such acts as you committed cannot go unpunished. I sentence you both to prison for from 10 to 20 years. You go to Auburn and your husband to Sing Sing," he said.

The little girl didn't budge. Only her teeth sunk in her sullen upper lip showed the stress of emotion and she fought back the tears.

Turning slowly on her heel, she sent a quick glance of scorn over the court room and walked steadily from the room to the prison van that was waiting to take her on her journey to Auburn, the women's prison.

Celia wrote a note which she sent to the judge:

"To those girls who think they would like to see their names in the paper as mine has been, let me say: 'Don't try to do it. You don't know what you suffer. While I smile, my heart is breaking within me.' Signed, Celia Cooney."

She and Ed say they are "going straight" when they "get out."

BILL UP TO ABOLISH RY. LABOR BOARD

DEBATE ON SAME TO BE LIMIT-
ED TO THREE
HOURS

COALITION HAMMERS DOWN
A REPUBLICAN
FILIBUSTER

(By United Press)

Washington, May 6.—Having succeeded in limiting debate to three hours after the hottest fight of this session in the house, advocates of the Barkley bill to abolish the railroad labor board will try today to force the measure through to a final vote.

A coalition of democrats and 40 republicans last night hammered down a republican filibuster which kept the house in session until midnight. After a 12 hour struggle in which 18 roll calls were forced, the coalition succeeded in:

1. Taking the bill from the committee.
2. Forcing its immediate consideration by the house.
3. Limiting debate to three hours.

But the resolute republican filibuster lead by Republican Leader Longworth succeeded in holding the coalition to this small gain and expected today to force a two weeks' postponement of further consideration which probably would mean the bill's death this session.

MORE LAST MINUTE FILINGS ARE MADE TODAY

LIEUTENANT GOVERNOR COL-
LINS SAYS HE WANTS NO
OFFICE

(By United Press)

St. Paul, May 6.—A democratic state ticket, dozens of filings in all parties and the issuance of many political statements and platforms marked the progress of state politics today.

The time for filing in the primaries expires tomorrow and candidates made a last minute rush to get on the ballots.

Joseph Wolf, chairman of the democratic state committee, filed a complete state slate of candidates for all offices except railroad and warehouse commissioner.

Three more entered the congressional race before noon and a large number filed for legislative posts.

George T. Magnuson, St. Cloud, filed for the republican nomination for congressman from the Sixth district. Godfrey Goodwin, Cambridge, filed for the republican nomination for congressman from the 10th district and Dr. Albert C. Bosel, Crosby, filed for the farmer-labor nomination for congress in the sixth district.

Lieutenant Governor Louis L. Collins issued a statement declaring he would not be a candidate for any political office this year. He said he would retire from public life as soon as his present term expires.

O. P. B. Jacobson, seeking the republican nomination for governor, broadcast his platform telling of his program to reduce governmental expenses ten per cent and bring about other reforms.

"\$4,000,000 must be slashed off the 1923 session appropriations and possibly more," he said.

RADIO DEBATE ON McNARY-HAUGEN BILL SATURDAY

(By United Press)

Chicago, May 6.—A radio debate on the McNary-Haugen bill, of interest to all farmers, will be broadcast Saturday night at 7 o'clock, central standard time, from station WIS, the Sears, Roebuck Agricultural foundation station.

Charles W. Brand, of the department of agriculture, who assisted in drafting the measure, will speak in the affirmative and Dr. Benjamin H. Hubbard, University of Wisconsin, will take the opposing side. The radio fans who listen in will be asked to decide the winner.

DAWES-YOUNG PLAN GETS BY IN GERMANY

NARROW MAJORITY ACCORDED
IN THE NATIONAL
ELECTION

VOTE CAST ON SUNDAY IS AN-
ALYZED IN DE-
TAIL

(By United Press)

Berlin, May 6.—The German people gave the Dawes-Young plan a narrow majority in the national elections.

Whatever the ensuing government and parliament might do, official results of Sunday's polling showed today that at least 15,000,000 of the 29,000,000 voters registered approval of the experts' proposals.

The total vote of the socialist, democratic, centrists and Volks Partei candidates—all of whom were pledged to support the plan—was more than half of the ballots cast.

Approximately 11,000,000 votes were cast by the nationalists, folkists and communists opposing the Dawes-Young report.

The remaining 3,000,000 votes are either mildly for or against the plan.

FRANCE'S OPINION OF GERMAN ELECTION

Paris, May 6.—France, if today's press correctly interprets her attitude, sees in the result of the German elections a fading out of hope for early fulfillment of the Dawes-Young plan.

The Paris morning papers declared the outcome with the gains registered by the German nationalist party renders such hope of fulfillment illusory although none expect open resistance.

"Nothing will succeed against Germany except force," Pertinax, writing in the Echo De Paris, declared. He points out the difficulty of understanding where such a majority will be found to carry on a government.

Le Matin forecasts that the general attitude of the new German government will be resistance to treaty obligations.

NITRO GLYCERINE PLANT BLEW UP

LESSEE OF MAGAZINE MAY HAVE
BEEN KILLED, MAN IS
MISSING

Franklin, Pa., May 6.—With a roar that rocked the countryside for a distance of 40 miles, a nitro glycerine plant at Brandon's Ferry, 13 miles south of here blew up today.

George Davis, 55, lessee of the magazine is missing. Davis is the only man known to have been in the vicinity of the plant at the time of the explosion. The magazine was in an isolated district. The Norris building, Pennsylvania railroad freight station across the Allegheny river from the magazine, collapsed from the repercussion of the blast.

EARLY VOTERS IN ST. PAUL FACED BY A COLD RAIN

MAYORALTY CONTESTANTS DIS-
APPOINTED IN THE
WEATHER

COUNCILMEN AND OTHER CITY
OFFICIALS BEING CHOSEN
TOO

(By United Press)

St. Paul, May 6.—A slow cold rain made life miserable for early voters in the municipal elections here today.

Hopeful for a heavy vote, Mayor Arthur E. Nelson and George L. Siegel, candidates for mayor, were disappointed in the weather. Friends of Siegel, labor candidate, said the weather should help him since workers must be out rain or shine.

Councilmen and other city officials were being chosen also.

RECORD VOTE IN INDIANA PRIMARY

Indianapolis, May 6.—A record vote was predicted in the Indiana primary balloting today as polls opened throughout the state.

Fair weather and the unusual activity of candidates' organizations in a last minute effort to get out a full vote, were the basis for predictions by politicians.

President Coolidge's workers claim the state for him over Hiram Johnson by a big majority in the republican presidential vote.

Senator Ralston had no opposition for the support of the Indiana delegation to the district national convention as the state's favorite for the presidential nomination.

LIGHT VOTE IS CAST IN MARYLAND

Baltimore, Md., May 6.—Calvin Coolidge will have the solid vote of Maryland in the republican national convention at Cleveland.

Only a light vote was cast in the state. Coolidge was given 25,000 votes in the state while about 2,000 were cast for an uninstructed delegation.

In Baltimore, Coolidge was given 4,413 votes while advocates of an uninstructed delegation received only 530.

Slightly incomplete returns show that Congressman Frederick N. Sihnman, who recently was the subject of an investigation by congress, will again be the nominee of the republicans in the sixth congressional district.

COOLIDGE MAY WIN 16 TO 1 OVER JOHNSON

Indianapolis, May 6.—Predicting that President Coolidge will defeat Hiram Johnson 16 to one in the Indiana primary, was made at noon today at Coolidge headquarters as reports from various voting places over the state indicated the president's supporters were turning out in great numbers.

Johnson headquarters admitted there was no hope of defeating Coolidge. His managers were hopeful, however, that he would poll about 75,000 of the 450,000 or 500,000 votes in the state.

JAPANESE EXCLUSION STAND IS EXPLAINED

(By United Press)

Washington, May 6.—President Coolidge today authorized an explanation of his recent statement on the Japanese exclusion which was interpreted in some quarters to mean that he had come out for exclusion, by law, of all Japanese immigration to the United States.

It should be kept in mind, it was emphasized on behalf of the president, that there has been exclusion of Japanese for years under the gentleman's agreement. So far as the president knows, there has been no suggestion that this should change, it was added.

(By United Press)

Berlin, May 6.—The German people gave the Dawes-Young plan a narrow majority in the national elections.

Whatever the ensuing government and parliament might do, official results of Sunday's polling showed today that at least 15,000,000 of the 29,000,000 voters registered approval of the experts' proposals.

The total vote of the socialist, democratic, centrists and Volks Partei candidates—all of whom were pledged to support the plan—was more than half of the ballots cast.

Approximately 11,000,000 votes were cast by the nationalists, folkists and communists opposing the Dawes-Young report.

The remaining 3,000,000 votes are either mildly for or against the plan.

FRANCE'S OPINION OF GERMAN ELECTION

Paris, May 6.—France, if today's press correctly interprets her attitude, sees in the result of the German elections a fading out of hope for early fulfillment of the Dawes-Young plan.

The Paris morning papers declared the outcome with the gains registered by the German nationalist party renders such hope of fulfillment illusory although none expect open resistance.

"Nothing will succeed against Germany except force," Pertinax, writing in the Echo de Paris, declared. He points out the difficulty of understanding where such a majority will be found to carry on a government.

Le Matin forecasts that the general attitude of the new German government will be resistance to treaty obligations.

NITRO GLYCERINE PLANT BLEW UP

LESSEE OF MAGAZINE MAY HAVE
BEEN KILLED, MAN IS
MISSING

Franklin, Pa., May 6.—With a roar that rocked the countryside for a distance of 40 miles, a nitro glycerine plant at Brandon's Ferry, 18 miles south of here blew up today.

George Davis, 55, lessee of the magazine is missing. Davis is the only man known to have been in the vicinity of the plant at the time of the explosion. The magazine was in an isolated district. The Norris building, Pennsylvania railroad freight station across the Allegheny river from the magazine, collapsed from the repercussion of the blast.

EARLY VOTERS IN ST. PAUL FACED BY A COLD RAIN

MAYORALTY CONTESTANTS DIS-
APPOINTED IN THE
WEATHER

COUNCILMEN AND OTHER CITY
OFFICIALS BEING CHOSEN
TOO

(By United Press)

St. Paul, May 6.—A slow cold rain made life miserable for early voters in the municipal elections here today.

Hopeful for a heavy vote, Mayor Arthur E. Nelson and George L. Siegel, candidates for mayor, were disappointed in the weather. Friends of Siegel, labor candidate, said the weather should help him since workers must be out rain or shine.

Councilmen and other city officials were being chosen also.

RECORD VOTE IN INDIANA PRIMARY

Indianapolis, May 6.—A record vote was predicted in the Indiana primary balloting today as polls opened throughout the state.

Fair weather and the unusual activity of candidates' organizations in a last minute effort to get out a full vote, were the basis for predictions by politicians.

President Coolidge's workers claim the state for him over Hiram Johnson by a big majority in the republican presidential vote.

Senator Ralston had no opposition for the support of the Indiana delegation to the district national convention as the state's favorite for the presidential nomination.

LIGHT VOTE IS CAST IN MARYLAND

Baltimore, Md., May 6.—Calvin Coolidge will have the solid vote of Maryland in the republican national convention at Cleveland.

Only a light vote was cast in the state. Coolidge was given 25,000 votes in the state while about 2,000 were cast for an uninstructed delegation.

In Baltimore, Coolidge was given 4,413 votes while advocates of an uninstructed delegation received only 530.

Slightly incomplete returns show that Congressman Frederick N. Sibley, who recently was the subject of an investigation by congress, will again be the nominee of the republicans in the sixth congressional district.

COOLIDGE MAY WIN 16 TO 1 OVER JOHNSON

Indianapolis, May 6.—Predicting that President Coolidge will defeat Hiram Johnson 16 to one in the Indiana primary, was made at noon today at Coolidge headquarters as reports from various voting places over the state indicated the president's supporters were turning out in great numbers.

Johnson headquarters admitted there was no hope of defeating Coolidge. His managers were hopeful, however, that he would poll about 75,000 of the 450,000 or 500,000 votes in the state.

JAPANESE EXCLUSION STAND IS EXPLAINED

(By United Press)

Washington, May 6.—President Coolidge today authorized an explanation of his recent statement on the Japanese exclusion which was interpreted in some quarters to mean that he had come out for exclusion, by law, of all Japanese immigration to the United States.

It should be kept in mind, it was emphasized on behalf of the president, that there has been exclusion of Japanese for years under the gentleman's agreement. So far as the president knows, there has been no suggestion that this should change, it was added.

CHILD WELFARE CONFERENCE

To be Held in Brainerd on Tuesday,
May 13th, Morning, Afternoon
and Evening Sessions

GENERAL PUBLIC INVITED

Crow Wing, Aitkin, Morrison, Wadena Counties Are Included
in This Meeting

On Tuesday, May 13th, the second child welfare conference for this region will be held in Brainerd.

There are now seventy-two county child welfare boards in the state of Minnesota, and beginning with the first one in Brainerd, regional conferences have now been held over the state to include all boards.

The second one for this region includes Aitkin, Morrison, Wadena and Crow Wing counties. The morning session will be devoted to reports of the boards and discussion of local problems.

The afternoon session will be held at the court house and lively topics will be presented. All interested are welcome. The general public is cordially invited to attend the evening meeting, to be held in the Methodist church. The complete program with names of speakers, will be published later in the week.

WHITEFISH

FRY COMING

Deputy Game Warden A. P. Cardie announces that on Wednesday, May 7, there will 150 cans of whitefish fry arrive in Brainerd for distribution in this vicinity.

Some of this fry will go to Gull, Round and Hubert lakes, and others that have deep water.

Those wishing whitefish fry for lakes in which they are interested, are advised to call at the car on Wednesday morning at 11:05 o'clock when the train arrives, and be prepared to haul out the fry to the lakes they wish to stock.

BUTTERFLY KIDDIES

Beginning Saturday at the New Park
for Six Days, Regular
Prices

A splendid group of little troopers are the Butterfly Kiddies coming to the New Park theatre Saturday, remaining six days with entire change of program Tuesday.

These children, ranging from youngsters of 10 years to little misses of 13 and 16 are a versatile aggregation of juvenile stars, each one having a turn in the act which is entertaining and thoroughly enjoyable. The children show the results of splendid coaching and the careful training and care which they are given behind the scenes, reflects in their appearance and behavior on the stage.

They are a quiet mannered group eager to learn, intensely interested in their school work and showing unbounded ambition to make the most of their stage talents.

Rita DeLisle is featured. She is a natural born comedienne and she never fails to win her audience. Rita's parents, who own the act, claim this much for her, and when one notices the ever recurring originalities which she has at her command during every performance, it can be realized that this claim is not mere "press agenting."

SAN FRANCISCO TO FETE CLUBWOMEN

(By United Press)
San Francisco, May 6.—The women of the San Francisco district are planning to entertain for a week the returning hosts from the Los Angeles Federation of Women's Clubs meeting, June 2-13. A very elaborate program of entertainment is being planned, which is expected to attract all the ladies who will not go directly east from Los Angeles. They have arranged that Luther Burbank, plant wizard, will be host to the clubwomen at his experimental gardens at Santa Rosa, Sonoma county, Thursday, June 19.

This will be only one event of a week of receptions, drives, parties and luncheons that will cover the week. The club women of San Francisco and adjoining counties will be the hostesses and are determined that when the convention guests go east they will have something kind to say for other parts of California than Los Angeles.

More Humanity Is Chief Need, Famous Crime Lawyer Says

Minneapolis, May 6.—Ninety-nine of American penal institutions are almost invariably uneducated, in poor health, misfits in some way, morons of every type.

That's the way Clarence S. Darrow, noted Chicago criminologist and attorney, sees it, he told the Twin City Rationalist society at a meeting in the Grand theatre, Minneapolis.

"We need more humanity in man," he said. "If we only understood that every man is the product of his environment, we would hate no one and would have to punish no one."

"The fact that the jail population is increasing does not necessarily mean the world is becoming more wicked. If enough more laws are added to the present maze of statutes, we may all be in jail."

"Few people have any idea what crime is. Just how is any certain act determined to be a crime? Everybody violates some law, if he lives and breathes, but how do you find out what is right and what is wrong?"

"Conscience is the ideal of ignorant people. If a Turkish woman appeared on the street without a veil she was conscience-stricken; if an American woman appeared without shoes she too would be."

Bottled Carbonated Beverage Day on May 7

In springtime all life quickens. The World awakens from its winter sleep and all Nature feels the season's inspiration. But Spring also is the time when the young and the old must take stock of their physical condition after the rigors of winter.

There is an enemy which brings us our ills. This enemy is known to Science as bacteria. They are living things and they, too, respond to Spring's call by increased activity. Invisible to the naked eye, they attack us in unseen numbers if proper precautions are not taken to prevent their presence in our food and drink.

The human body is composed largely of water. The average person consumes three to four pints of liquid each day. We need this liquid for our health's sake and for this reason we should make sure that it is pure.

CARBONIC GAS is an enemy of the bacteria which menace us in food and drink. This is the gas which puts the bubbles in BOTTLED CARBONATED BEVERAGES. It is pure of itself and it promotes purity in the beverages of which it is a part.

"DRINK BOTTLED CARBONATED BEVERAGES," advises Dr. Max Levine, of Iowa State College, a noted bacteriologist. "Carbonic gas under pressure is distinctly germicidal to many bacteria. A carbonated beverage should naturally be better than the water from which it is made."

"NO PLAIN WATER IS ABSOLUTELY PURE," declares Dr. W. W. Skinner, Assistant Chief, Bureau of Chemistry, U. S. Department of Agriculture. He points out that as early as 1855, the great scientist, Leone, discovered that carbonation tends to free water of bacteria and that subsequent

scientific investigators likewise have proven the comparative purity of BOTTLED CARBONATED BEVERAGES.

The thoughtful housewife, therefore, will always have a case of BOTTLED carbonated beverage in her home. Thus she provides a healthful beverage, which U. S. Government tests show to have high food value, for her dear ones and takes wise precaution against the dangers which Spring brings with its joys.

A BOTTLED CARBONATED BEVERAGE IS A FOOD. It is composed of sugar, plus pure flavoring, plus carbonated water. It is served to you in perfectly clean, sterilized, hermetically sealed BOTTLES. Federal, State and Municipal Laws govern its manufacture, insuring purity of ingredients and sanitary methods of production.

Eight billion bottles of carbonated beverages were consumed by the American public during 1923, according to federal statisticians. Equally distributed this was eighty bottles for every man, woman and child in the United States.

Of course many persons drank more than eighty bottles, and many did not drink any. But if you missed out on your per capita share last year you will have a chance to make up for lost time next May 7th. On that date, "Bottled Carbonated Beverage Day," the 12,000 bottlers of carbonated beverages in these United States will celebrate the centennial of their industry. And as part of that celebration we will keep open house for visitors and extend you a cordial invitation to inspect our plant. Visitors are always welcome.

TUESDAY, MAY 6, 1924

"BETTER SIRES DAY" IN BRAINERD, MAY 10th

"BETTER SIRES DAY" in Brainerd, Saturday, May 10th, continues to attract attention and interest is being aroused throughout the state. This morning's mail brought a response from M. W. Williams, secretary of the Rochester-Civic association, who said in part:

"I wish to extend to you and your organization (Brainerd Chamber of Commerce) my sincere congratulations upon your interest in better stock for Minnesota. It will be of great benefit, not only to your own immediate territory but to the great state of Minnesota as well and I am sure that your ingenuity and progressiveness should earn the sincere approbation of every single one of your co-laborers in the state."

That it pays to be on friendly terms with our co-workers in Chambers of Commerce and other civic organizations may be noted from the inquiry which Mr. Williams addressed the Brainerd Chamber of Commerce regarding recreational facilities, cottages, etc., in our district. He and family will spend their vacation in the Brainerd Lake Region.

Among the representatives of newspapers and farm papers expected in Brainerd to cover the "Better Sires Day" are trained writers from the "Farmer," of St. Paul, St. Paul Dispatch, Superior Telegram, Minneapolis Journal, Minneapolis Tribune, Stock and Dairy Farmer of Duluth, Northwest Farmstead of Minneapolis, and others.

Another speaker expected is A. W. Sanborn, secretary of the Chequamegon Guernsey association, of Ashland, Wis. A number of Guernsey yearling bulls, to be distributed here on Saturday, were purchased in Wisconsin and Mr. Sanborn will undoubtedly come and speak on Guernseys and their mission. By a remarkable coincidence, Mr. Sanborn is an old friend of Charles Donnelly, president of the Northern Pacific railway company, and will be pleased to meet the latter, who delivers the main address of the day Saturday.

Invitations extended to Chambers of Commerce and commercial clubs included some 30 clubs in Minnesota, 10 in North Dakota and several in Wisconsin. Among the North Dakota people interested in dairying may be representatives from Bismarck. That Dakota town recently entertained the District Conference of Rotarians and Brainerd had a delegation of eight at the Bismarck meeting.

LEASING STATE MARL DEPOSITS

THE Brainerd region, due to the initiative of Highway Engineer Walter M. Murphy and County Agent E. G. Roth, was one of the first to make public and demonstrate the value of marl deposits. Marl is now considered of such value that the state today is considering the leasing of state marl deposits.

In referring to marl, George W. Kelly, editor of the Northwest Farmstead, said that it neutralizes the acidity of sandy soil, of which there are more than 5,000,000 acres in Minnesota. The soil, after being treated with marl, will grow alfalfa and that in turn puts nitrogen into the ground, the only element lacking to make it very productive. State encouragement of the use of marl will mean millions of dollars to the value of state lands ultimately.

Auditor Chase, in calling the conference of university men and other experts, said it should be determined how and at what rate marl bearing lands shall be leased. The problem is that the leases shall be made at a figure low enough to permit farmers desiring marl to secure it at a rate consistent with their ability to pay. The rate also should not be so low as to cause others to say state resources have been squandered.

CONTINUE WITHOUT FLAGSHIP

THE American round the world fliers have continued their flight without the flagship and its commander, Major Frederick L. Martin. It seems that the flagship was in trouble every leg of the journey and included leaky crank cases, ill working machinery, difficulty in maneuvering, etc. Instead of the flagship setting an example of skill in flying, it seemed to be the ill-fated plane of the squadron.

While search is continuing for Major Martin and his assistant, the squadron has pursued its way and without difficulty is about to negotiate the next leg of the voyage. Major Martin and his mechanic have now been missing over three days. They had several weeks' supply of food with them when they flew from Chignik, hoping to reach Dutch Harbor in a few hours. Small boats are combing inlets, coast guard cutters are aiding the search and native Indians are assisting in the inland search.

GERMAN-RUSSIAN RELATIONS

GERMAN-RUSSIAN relations may be strained to the breaking point and trouble may ensue between the two nations. It seems the Russians object to the police search made of the commercial division of the Russian embassy. Ambassador M. Kretinsky protested and quit Berlin for Russia.

The German government, it is reported, denies that the building occupied by the trade delegation was worthy territorial rights. The claim is made that communist propaganda was seized. Berlin police arrests made, it is alleged, included more than 700 people designated as employees of the Russian embassy's commercial mission.

MOTHERS' DAY

SUNDAY, May 11th, is Mothers' Day and all the nation will unite to pay tribute to her. Flowers worn will serve as an expression of loving memory. Flowers will be presented to mother as a testimonial of her worth, and loving kindness.

The foundation of every home is Mother. Around her revolves the whole household. If you don't believe it, let mother take an unusual vacation and then see how the family attempts to get along. Mother has so long been a buffer for everything in the home, that she is never missed until gone.

That's why Mothers' Day was instituted, to pay her loving tribute while she's alive, to send her flowers now and not waiting until she folds her hands and takes her rest eternal.

ON the eve of the mayoralty campaign in St. Paul, it was reported both candidates were confident and assured of victory.

VEIGEL EXPLAINS THE METHOD REGARDING THE CLOSED BANK

INVENTORY NOW BEING TAKEN OF CAPITAL TRUST & SAVINGS BANK

BLANKS FOR FILING CLAIMS TO BE MAILED TO ALL DEPOSITORS

(From St. Paul Daily News)

St. Paul, May 6.—In answer to hundreds of calls at his office, A. J. Veigel, state superintendent of banks, has issued a statement explaining the procedure in liquidating closed banks.

The statement follows:

"There are so many depositors in the closed Capital Trust and Savings bank of St. Paul who have asked how and when they can get their money, that we believe the method provided by law for liquidating closed banks is of general interest at this time.

"When a bank is closed, the law provides that the superintendent of banks act as receiver in liquidating the bank.

"The first step is to have the examiners make a complete inventory of everything in the bank. This includes the name and amount on deposit by every depositor; a list of all loans, bonds, mortgages and real estate, and everything owned by the bank, also all trust funds, estates, bonds, etc., left for safe keeping.

"The next week or two the examiners will be busy on this work. During that time the doors of the bank will be locked. There will be no dealings with the depositors or others interested.

"When this inventory is completed, a special deputy examiner will be appointed and he will be on duty at the bank. His main duty will be to make collections on notes and other assets of the bank.

"Blanks will be printed later for filing claims and mailed to every known depositor and other creditor of the bank.

"These must be filled out and filed with the banking department. The law allows three months for the filing of such claims. The claims are then passed on, in the banking department where all business would be transacted.

Officials of the Capital National were given desks at the Merchants temporarily to facilitate the transfer, and all business was transacted this morning without a hitch.

The taking over of the deposits is not a merger in the strict sense of the word. Stockholders in the Capital National will not become stockholders in the Merchants. The former bank will be liquidated and the excess of assets over liabilities will be paid to the stockholders.

The Merchants bank guarantees the payment of all deposits hitherto in the Capital National.

F. R. Bigelow, director, Ninth District Federal Reserve bank, terms the arrangement an ideal one.

"The Capital National bank has been conservatively and ably managed and was in good condition, and it was most unfortunate that it became necessary to close the institution housed in the same building and of a similar name," Mr. Bigelow said. "The directors of the Capital National have taken prompt and

wise action in co-operating in the consolidation announced.

"The Merchants National bank in accepting this responsibility has performed a very great public service to the city of St. Paul, and it should be appreciated as it deserves.

Removes Anxiety

"All cause for anxiety and distrust is removed, since the Merchants bank with its abundant resources and great financial strength, is able to take care of all concerned."

The directors of the Merchants National bank include some of the most influential business men of St. Paul. They are Jacob Dittenhofer, George W. Ekstrand, E. T. Foley, William Hamm, T. J. Humbird, Horace H. Irvine, Paul J. Kalman, Frank B. Kellogg, R. C. Lilly, A. H. Lindeke, Thomas A. Marlow, Paul N. Myers, C. Reinold Noyes, J. A. Oace, L. P. Ordway, Frank J. Otis, George H. Prince, E. W. Randall, Frank Schlick, Charles Schuneman, Roger B. Shepard, James H. Skinner, H. von der

Weyer, F. E. Weyerhaeuser and R. M. Weyerhaeuser.

FILINGS FOR COUNTY OFFICES

There are three new filings for county offices, with the county auditor.

L. B. Kinder has tossed his hat in the ring for the nomination for judge of the probate court. He is opposed by S. F. Alderman, who filed for that nomination about a week ago.

Andrew G. Anderson filed for reelection as county commissioner from the Third district. Mr. Anderson resides in Brainerd.

P. J. Long, present incumbent, has filed for reelection as representative from Crow Wing county. Mr. Long lives at Ironton.

"BETTER SIRE DAY" IN BRAINERD, MAY 10th

"BETTER SIRE DAY" in Brainerd, Saturday, May 10th, continues to attract attention and interest is being aroused throughout the state. This morning's mail brought a response from M. W. Williams, secretary of the Rochester-Civic association, who said in part:

"I wish to extend to you and your organization (Brainerd Chamber of Commerce) my sincere congratulations upon your interest in better stock for Minnesota. It will be of great benefit, not only to your own immediate territory but to the great state of Minnesota as well and I am sure that your ingenuity and progressiveness should earn the sincere approbation of every single one of your co-laborers in the state."

That it pays to be on friendly terms with our co-workers in Chambers of Commerce and other civic organizations may be noted from the inquiry which Mr. Williams addressed the Brainerd Chamber of Commerce regarding recreational facilities, cottages, etc., in our district. He and family will spend their vacation in the Brainerd Lake Region.

Among the representatives of newspapers and farm papers expected in Brainerd to cover the "Better Sires Day" are trained writers from the "Farmer," of St. Paul, St. Paul Dispatch, Superior Telegram, Minneapolis Journal, Minneapolis Tribune, Stock and Dairy Farmer of Duluth, Northwest Farmstead of Minneapolis, and others.

Another speaker expected is A. W. Sanborn, secretary of the Chequamegon Guernsey association, of Ashland, Wis. A number of Guernsey yearling bulls, to be distributed here on Saturday, were purchased in Wisconsin and Mr. Sanborn will undoubtedly come and speak on Guernseys and their mission. By a remarkable coincidence, Mr. Sanborn is an old friend of Charles Donnelly, president of the Northern Pacific railway company, and will be pleased to meet the latter, who delivers the main address of the day Saturday.

Invitations extended to Chambers of Commerce and commercial clubs included some 30 clubs in Minnesota, 10 in North Dakota and several in Wisconsin. Among the North Dakota people interested in dairying may be representatives from Bismarck. That Dakota town recently entertained the District Conference of Rotarians and Brainerd had a delegation of eight at the Bismarck meeting.

RENAMING STREETS IN N. E. BRAINERD

Resolution Offered by Alderman
Paine Adopted by City Council
Last Night

COUNCIL'S BUSY SESSION

Harry Butler Asks For Repeal of
Law Prohibiting Parking Cars
at Night on Certain Streets

At the regular meeting of the city council on Monday evening, a resolution was offered by Alderman R. H. Paine, who moved its adoption, seconded by Alderman A. D. Peterson, for the renaming of the streets in Northeast Brainerd.

At a meeting of the council early in the winter the matter of renaming these streets was considered by the council and a plan devised for new names. This plan was carried out in the resolution that was passed on Monday evening, and provides for the naming of the streets running east and west by letters of the alphabet, beginning with Kindred street, now "A" street, and the avenues running north and south to be numbered, similar to the system that has been in use on these streets. This resolution is to be published in the Dispatch in its entirety.

Billiard Parlor License
J. M. Dupuis made application for a renewal of his license to operate the Ransford billiard parlor, and on motion carried this was granted.

Ed Hulub, of Motley applied for a license to operate a billiard parlor in the quarters formerly occupied by a similar business by O. H. Gram in Northeast Brainerd. On motion carried, this application was voted down.

Pine Street Curbing
John Kukko appeared before the council, asking that curbing be installed on Pine street, Southeast, between Eleventh and Seventeenth streets. On motion the city engineer was instructed to prepare plans and advertise for bids for curbing Pine street from Eleventh street to the end of Pine, the street to be thirty feet wide.

Asks Revoking Ordinance No. 312
Harry Butler addressed the council, asking that city ordinance No. 312, prohibiting the parking of cars on certain downtown streets between the hours of midnight and six o'clock in the morning, be revoked. On motion the matter was referred to the street committee to find a solution and report at the next meeting of the council.

Bituminous Paving
A Mr. Dorsett, of Winston Brothers, Minneapolis, spoke on bituminous paving, and asked to be allowed to submit specifications on the city's paving projects for 1924. On motion, the city engineer was instructed to advertise for bids and prepare specifications for concrete, tarvia and rawhide paving.

Mushroom Lights
Clyde E. Parker, representing the Brainerd Foundry Company, reported on mushroom lights, and asked that his company be given further time to submit bids on such intersection lights, which time was granted.

South 7th Street Curbing
On motion bids were opened for curbing on South Seventh street. There were three bidders as follows: C. H. Varner, pit-run gravel, per lineal foot, 45c; Thompson Brothers and Clausen, pit-run gravel, per lineal foot, 40c; S. A. Riches and Son, pit-run gravel, per lineal foot, 42c.

A certified check for five per cent of the bid, accompanied each bid. On motion the bid of Thompson Brothers and Clausen, being the lowest was accepted, and the checks of the other bidders be returned to them.

Shooting Gallery Request Denied
The police committee reported on the matter of allowing Capt. Jack O'Connell permission to operate a shooting gallery at the corner of South Sixth and Laurel streets, recommending that the council not grant the request. On motion permission for this location for the shooting gallery was not granted.

10 New Street Lights
On motion the matter of distribution of ten street lights, petitions for which were presented to the council some time ago, was referred to the Fire, Light and Water committee and the street committee, to agree upon the location of these lights and report at the next meeting.

Milk and Cream Licenses
The following made application for licenses to sell milk and cream in the city: C. H. Smith, Thomas Benda, August Nelson and the Farmers Co-operative Creamery Association. All were recommended by the city dairy inspector, and on motion licenses were ordered issued to the applicants.

Officer's Reports
Reports were received from the clerk of the municipal court, the police department and the city dairy inspector, covering the month of April, which were accepted and ordered placed on file.

Power Representative Here
Mr. Taylor, of Little Falls, representing the Minnesota Power and Light Company, appeared before the council, and stated that his company is trying to give Brainerd first-class power and that he has taken the matter up with the Water and Light Board with regard to certain improvements and changes, which are now being considered by the board and the power company.

This action was taken following the decision of the council to look into the matter of better service than was rendered during one of the recent fires, when the water pressure varied, due, it is said, to leaks in the power that supplied the electric pumps.

The matter of an open railing around an area stairway on Front street, at the Anna block, was discussed and the city engineer instructed to install a suitable railing around this stairway area.

On motion the city is to purchase a clock-meter for turning off the lights in Gregory park.

Fire inspection in the downtown district was discussed at length by the council, and the fire, light and water committee was instructed to look into the matter of fire inspection of basements, wiring, etc.

Firemen's Compensation Act
A committee from the fire department, headed by F. W. Fuller, appeared before the council, and called attention to the firemen's compensation act, passed by the legislature at its last session. The committee asked that the city pay the required \$100 to the state insurance department for this insurance. The matter was referred to the city attorney.

Curbing at City Hall
Bids were opened for the curbing around the city hall property at the rear of the station. Two bids were submitted as follows: C. H. Varner, curbing with rail, \$183.75; Thompson Brothers and Clausen, curbing without rail, \$195. On motion the contract was awarded to C. H. Varner.

Delegates of Swedish Lutheran Church to Assemble in Aitkin
May 12, 13

ANNUAL SPRING CONCLAVE

Announcement Made by Rev. J. E. Carlson, of Aitkin Church

(From Aitkin Independent Age)
Delegates representing the Brainerd and St. Cloud districts of the Swedish Lutheran church, will convene in Aitkin on Monday and Tuesday, May 12 and 13, for the annual spring convocation. Rev. J. E. Carlson, pastor of St. Paul's church, Aitkin has announced.

In addition to the pastors of the several churches, there also will be delegates from the Women's Home and Foreign Missionary societies of the Swedish Lutheran congregations. The total number of delegates who will attend the convention, is not definitely known, as the number to come from the various congregations of the St. Cloud district, has not been determined.

Convention sessions will be held in St. Paul's church, and in the other churches representing the Aitkin pastorate.

"We are looking forward to a splendid meeting," Rev. Carlson said, "and hope that all who can possibly do so will attend this gathering."

Clara Lutheran Choir
The choir of the Clara Lutheran church goes to Crosby this evening, where it will repeat its Easter cantata at the armory of that village.

Additional features on the program include violin and clarinet duets by Elmer and Carl Peterson, a piano duet by Mrs. August Samuelson and Miss Isabelle Worden, and an address by Rev. August Samuelson.

Methodist Aid

The ladies aid of the Methodist church will be entertained in the social rooms of the church on Wednesday, May 7th.

The entertaining ladies are Mrs. J. H. Warner, and Mrs. E. H. Simmons. Members are urged to be present and visitors are welcome.

Alaska Has A Common-Law Union

Away up in the Alaska peninsula, at Kanatak, where heroic efforts are being made to bore for oil, forty people huddle in a dozen little houses, but there is no lawyer, no preacher, and no justice of the peace. It happened a short time ago that Mrs. Cora D. Meyer, a well-known Alaskan and Herbert Anderson, desired to wed. The couple signed a marriage contract before the whole population, as witnesses, and were proclaimed man and wife. This is the first common-law marriage in Alaska since the old boom days, when proper officials were hard to find.—Western Story Magazine.

RENAMING STREETS IN N. E. BRAINERD

Resolution Offered by Alderman Paine Adopted by City Council Last Night

COUNCIL'S BUSY SESSION

Harry Butler Asks For Repeal of Law Prohibiting Parking Cars at Night on Certain Streets

At the regular meeting of the city council on Monday evening, a resolution was offered, by Alderman R. H. Paine, who moved its adoption, seconded by Alderman A. D. Peterson, for the renaming of the streets in Northeast Brainerd.

At a meeting of the council early in the winter the matter of renaming these streets was considered by the council and a plan devised for new names. This plan was carried out in the resolution that was passed on Monday evening, and provides for the naming of the streets running east and west by letters of the alphabet, beginning with Kindred street, now "A" street, and the avenues running north and south to be numbered, similar to the system that has been in use on these streets. The resolution is to be published in the Dispatch in its entirety.

Billiard Parlor License

J. M. Dupuis made application for a renewal of his license to operate the Ransford billiard parlor, and on motion carried this was granted.

Ed Hulub, of Motley applied for a license to operate a billiard parlor in the quarters formerly occupied by a similar business by O. H. Gram in Northeast Brainerd. On motion carried, this application was voted down.

Pine Street Curbing

John Kukko appeared before the council, asking that curbing be installed on Pine street, Southeast, between Eleventh and Seventeenth streets. On motion the city engineer was instructed to prepare plans and advertise for bids for curbing Pine street from Eleventh street to the end of Pine, the street to be thirty feet wide.

Asks Revoking Ordinance No. 312
Harry Butler addressed the council, asking that city ordinance No. 312, prohibiting the parking of cars on certain downtown streets between the hours of midnight and six o'clock in the morning, be revoked. On motion the matter was referred to the street committee to find a solution and report at the next meeting of the council.

Bituminous Paving

A Mr. Dorsett, of Winston Brothers, Minneapolis, spoke on bituminous paving, and asked to be allowed to submit specifications on the city's paving projects for 1924. On motion, the city engineer was instructed to advertise for bids and prepare specifications for concrete, tarvia and rawhide paving.

Mushroom Lights

Clyde E. Parker, representing the Brainerd Foundry Company, reported on mushroom lights, and asked that his company be given further time to submit bids on such intersection lights, which time was granted.

South 7th Street Curbing

On motion bids were opened for curbing on South Seventh street. There were three bidders as follows: C. H. Varner, pit-run gravel, per lineal foot, 45c; Thompson Brothers and Clausen, pit-run gravel, per lineal foot, 40c; S. A. Riches and Son, pit-run gravel, per lineal foot, 42c.

A certified check for five per cent of the bid, accompanied each bid.

On motion the bid of Thompson Brothers and Clausen, being the lowest was accepted, and the checks of the other bidders be returned to them.

Shooting Gallery Request Denied
The police committee reported on the matter of allowing Capt. Jack O'Connell permission to operate a shooting gallery at the corner of South Sixth and Laurel streets, recommending that the council not grant the request. On motion permission for this location for the shooting gallery was not granted.

10 New Street Lights

On motion the matter of distribution of ten street lights, petitions for which were presented to the council some time ago, was referred to the Fire, Light and Water committee and the street committee, to agree upon the location of these lights and report at the next meeting.

Milk and Cream Licenses

The following made application for licenses to sell milk and cream in the city: C. H. Smith, Thomas Benda, August Nelson and the Farmers Co-operative Creamery Association. All were recommended by the city dairy inspector, and on motion licenses were ordered issued to the applicants.

Officer's Reports

Reports were received from the clerk of the municipal court, the police department and the city dairy inspector, covering the month of April, which were accepted and ordered placed on file.

Power Representative Here

Mr. Taylor, of Little Falls, representing the Minnesota Power and Light Company, appeared before the council, and stated that his company is trying to give Brainerd first-class power and that he has taken the matter up with the Water and Light Board with regard to certain improvements and changes, which are now being considered by the board and the power company.

This action was taken following the decision of the council to look into the matter of better service than was rendered during one of the recent fires, when the water pressure varied, due, it is said, to leaks in the power that supplied the electric pumps.

The matter of an open railing around an area stairway on Front street, at the Anna block, was discussed and the city engineer instructed to install a suitable railing around this stairway area.

On motion the city is to purchase a clock-meter for turning off the lights in Gregory park.

Fire inspection in the downtown district was discussed at length by the council, and the fire, light and water committee was instructed to look into the matter of fire inspection of basements, wiring, etc.

Firemen's Compensation Act

A committee from the fire department, headed by F. W. Fuller, appeared before the council, and called attention to the firemen's compensation act, passed by the legislature at its last session. The committee asked that the city pay the required \$100 to the state insurance department for this insurance. The matter was referred to the city attorney.

Curbing at City Hall

Bids were opened for the curbing around the city hall property at the rear of the station. Two bids were submitted as follows: C. H. Varner, curbing with rail, \$183.75; Thompson Brothers and Clausen, curbing without rail, \$195. On motion the contract was awarded to C. H. Varner.

BRAINERD, ST. CLOUD DISTRICTS MEETING

Delegates of Swedish Lutheran Church to Assemble in Aitkin May 12, 13

ANNUAL SPRING CONCLAVE

Announcement Made by Rev. J. E. Carlson, of Aitkin Church

(From Aitkin Independent Age)
Delegates representing the Brainerd and St. Cloud districts of the Swedish Lutheran church, will convene in Aitkin on Monday and Tuesday, May 12 and 13, for the annual spring convocation. Rev. J. E. Carlson, pastor of St. Paul's church, Aitkin has announced.

In addition to the pastors of the several churches, there also will be delegates from the Women's Home and Foreign Missionary societies of the Swedish Lutheran congregations. The total number of delegates who will attend the convention, is not definitely known, as the number to come from the various congregations of the St. Cloud district, has not been determined.

Convention sessions will be held in St. Paul's church, and in the other churches representing the Aitkin pastorate.

"We are looking forward to a splendid meeting," Rev. Carlson said, "and hope that all who can possibly do so will attend this gathering."

Clara Lutheran Choir

The choir of the Clara Lutheran church goes to Crosby this evening, where it will repeat its Easter cantata at the armory of that village.

Additional features on the program include violin and clarinet duets by Elmer and Carl Peterson, a piano duet by Mrs. August Samuelson and Miss Isabelle Worden, and an address by Rev. August Samuelson.

Methodist Aid

The ladies aid of the Methodist church will be entertained in the social rooms of the church on Wednesday, May 7th.

The entertaining ladies are Mrs. J. H. Warner, and Mrs. E. H. Simmons. Members are urged to be present and visitors are welcome.

Alaska Has A Common-Law Union

Away up in the Alaska peninsula, at Kanatak, where heroic efforts are being made to bore for oil, forty people huddle in a dozen little houses, but there is no lawyer, no preacher, and no justice of the peace. It happened a short time ago that Mrs. Cora D. Meyer, a well-known Alaskan and Herbert Anderson, desired to wed. The couple signed a marriage contract before the whole population, as witnesses, and were proclaimed man and wife. This is the first common-law marriage in Alaska since the old boom days, when proper officials were hard to find.—Western Story Magazine.

VICTORY OF KANSAS SHOWS DUNDEE GOING

By HENRY L. FARRELL
United Press Sports Editor

New York, May 6.—One of the champions named last winter for a fall from the title this year made the prediction good when Joe Lynch was beaten by Abe Goldstein, the frail, little New York bantamweight.

Mike McTigue, the light heavyweight champion, another one on the list picked for a successor, was saved only because a decision was not given at the end of a 12-round bout in Newark against Young Stribling.

Johnny Dundee, junior lightweight and featherweight champion, figured also as being at the end of his string, is still around, but he's going.

Dundee was given a bad beating recently by Rocky Kansas, Buffalo lightweight, who floored him twice and beat him all the way in a 10-round over-weight contest.

When he was defeated by Kansas, he blew all claim for a chance at Benny Leonard's lightweight crown and he made Kansas the outstanding challenger for that title.

Kansas has long been regarded as the most formidable contender in the lightweight class, and because Dundee failed to beat him, perhaps it should not be taken to follow that Dundee is in danger of losing his featherweight or his 130-pound championship.

Dundee, however, has shown that he has lost his steam, and when his speed is gone, also, he is ready for the taking.

The game little Italian has been going longer than any active boxer in the ring, and perhaps he knows that he can't go on forever. He has announced that he is going to defend his title three times this summer, but if he survives three championship bouts he will have to exercise plenty of caution in picking his spots.

Kid Kaplan, the little New England fighter, is regarded now as the hardest contender in the class, and if Dundee takes him for a match, there is every possibility that there will be a new featherweight champion.

Harry Greb, the middleweight champion, will have the time of his career if he accepts a match with Jack Delaney, the Bridgeport contender.

Delaney isn't a great fighter simply because he stopped Paul Berlenbach, but the confidence he acquired in that fight will mean much to him. He showed in that fight that he wasn't chicken-hearted and it was his alleged timid spirit that had been regarded as his greatest handicap.

In a short race, for five eighths of a mile, De Palma defeated Duray. Davidson was third in this race also.

Lo, the Poor Fisherman!

Perhaps this is the time of year that the uninitiated should try to understand, if possible, the activities of the fisherman. We find in Outdoor Life (Denver) a detailed description by L. J. Shipman, of the fisherman and his ways:

He riseth up in the early morning and goeth forth animated, filled with high hopes and exalted expectations.

When he arriveth at his destination, he setteth about his arduous duties.

Soon he wormeth his way into the confidence of the unsuspecting and guileless fishes and feeleth not ashamed.

He gloateth as he contemplates feeding on their flesh, as do the ravens when they view the remains of one of his dead countrymen who hath fallen by the wayside.

He smiteth the water with his rod in his wrath, if the fishes faileth to be ensnared by his hypocritical allurements, and with his slouch hat wageth war on the six-legged parasites which swarm about his head—crazy for his heart's blood.

The heavier and larger fishes are many times during the day drawn to the surface of the water, only to effect their escape, but the unsuspicious and venturesome youth sometimes graceth the frying-pan.

It is with tired limbs, worn out by constant sitting; tired eyes, which have been intent on watching; and worn-out, befogged brain, taxed almost to exhaustion, trying to concoct new lies to tell his friends, that he ploddeh wearily homeward at nightfall, his feet and clothing soaked with muddy water, a liar, who regardeth not a shadow of the truth.

After he arriveth home, a good, juicy steak greeteth his reawakened interest in life, and after doing it ample justice, he salliyeth forth to greet, repeat, and be the blatant hero of the day.

ROBBER SUSPECT IN ROGUE RIVER

BODY IDENTIFIED BY FATHER OF HUGH DE AUTRE-MONT

Medford, Ore., May 6.—A body taken from the Rogue River was identified today as that of Hugh De Autremont, long sought as a suspect in the Siskiyou tunnel train robbery. Identification was made by the young man's father who came here from Eugene, Oregon.

Hugh De Autremont was the youngest of three brothers for whom a nationwide search has been in progress since last October 11 when the south bound Southern Pacific passenger train number 13 was blown up in tunnel number 13. Four men were killed in cold blood by the robbers who escaped without obtaining any loot.

VICTORY OF KANSAS SHOWS DUNDEE GOING

By HENRY L. FARRELL
United Press Sports Editor

New York, May 6.—One of the champions named last winter for a fall from the title this year made the prediction good when Joe Lynch was beaten by Abe Goldstein, the frail, little New York bantamweight.

Mike McTigue, the light heavyweight champion, another one on the list picked for a successor, was saved only because a decision was not given at the end of a 12-round bout in Newark against Young Stribling.

Johnny Dundee, junior lightweight and featherweight champion, figured also as being at the end of his string, is still around, but he's going.

Dundee was given a bad beating recently by Rocky Kansas, Buffalo lightweight, who floored him twice and beat him all the way in a 10-round over-weight contest.

When he was defeated by Kansas, he blew all claim for a chance at Benny Leonard's lightweight crown and he made Kansas the outstanding challenger for that title.

Kansas has long been regarded as the most formidable contender in the lightweight class, and because Dundee failed to beat him, perhaps it should not be taken to follow that Dundee is in danger of losing his featherweight or his 130-pound championship.

Dundee, however, has shown that he has lost his steam, and when his speed is gone, also, he is ready for the taking.

The game little Italian has been going longer than any active boxer in the ring, and perhaps he knows that he can't go on forever. He has announced that he is going to defend his title three times this summer, but if he survives three championship bouts he will have to exercise plenty of caution in picking his spots.

Kid Kaplan, the little New England fighter, is regarded now as the hardest contender in the class, and if Dundee takes him for a match, there is every possibility that there will be a new featherweight champion.

Harry Greb, the middleweight champion, will have the time of his career if he accepts a match with Jack Delaney, the Bridgeport contender.

Delaney isn't a great fighter simply because he stopped Paul Berlenbach, but the confidence he acquired in that fight will mean much to him. He showed in that fight that he wasn't chicken-hearted and it was his alleged timid spirit that had been regarded as his greatest handicap.

Bernstein Will Fight Mandell at Louisville

Louisville, Ky., May 6.—Jack Bernstein, crack New York lightweight, and Sammy Mandell, Rockford flash, have been matched for a 12-round, no-decision fight here on the night of May 16.

The battle will take place the night before Derby Day.

Duray Wins from De Palma In Ascot Feature Race

Los Angeles, Calif., May 6.—Leon Duray, French auto racer, defeated Ralph De Palma here at the Ascot track in the 15-lap race. Duray's time was 8:12. Arthur Davidson, Indianapolis, was third.

In a short race, for five eighths of a mile, De Palma defeated Duray. Davidson was third in this race also.

Lo, the Poor Fisherman!

Perhaps this is the time of year that the uninitiated should try to understand, if possible, the activities of the fisherman. We find in Outdoor Life (Denver) a detailed description by L. J. Shipman, of the fisherman and his ways:

He riseth up in the early morning and goeth forth animated, filled with high hopes and exalted expectations. When he arriveth at his destination, he setteth about his arduous duties.

Soon he wormeth his way into the confidence of the unsuspecting and guileless fishes and feeleth not ashamed.

He gloateth as he contemplates feeding on their flesh, as do the ravens when they view the remains of one of his dead countrymen who hath fallen by the wayside.

He smiteth the water with his rod in his wrath, if the fishes faileth to be ensnared by his hypocritical allurements, and with his slouch hat wageth war on the six-legged parasites which swarm about his head—crazy for his heart's blood.

The heavier and larger fishes are many times during the day drawn to the surface of the water, only to effect their escape, but the unsuspicious and venturesome youth sometimes graceth the frying-pan.

It is with tired limbs, worn out by constant sitting; tired eyes, which have been intent on watching; and worn-out, befogged brain, taxed almost to exhaustion, trying to concoct new lies to tell his friends, that he ploddeh wearily homeward at nightfall, his feet and clothing soaked with muddy water, a liar, who regardeth not a shadow of the truth.

After he arriveth home, a good, juicy steak greeteth his reawakened interest in life, and after doing it ample justice, he sallyeth forth to greet, repeat, and be the blatant hero of the day.

Yanks Lose to Semi-Pros

Clifton, N. J., May 6.—By a score of 6 to 5 the Doherty Silk Sox ball team defeated the New York Yankees, making eight hits to the Hugmen's five.

Harry Harper, a former Yank, pitched for the winners, and won his game with a home run. Ward and Witt also hit homers.

ROBBER SUSPECT IN ROGUE RIVER

BODY IDENTIFIED BY FATHER OF HUGH DE AUTRE-MONT

(By United Press)
Medford, Ore., May 6.—A body taken from the Rogue River was identified today as that of Hugh De Autremont, long sought as a suspect in the Siskiyou tunnel train robbery.

Identification was made by the young man's father who came here from Eugene, Oregon.

Hugh De Autremont was the youngest of three brothers for whom a nationwide search has been in progress since last October 11 when the south bound Southern Pacific passenger train number 13 was blown up in tunnel number 13. Four men were killed in cold blood by the robbers who escaped without obtaining any loot.

SON OF DOHENY AS A WITNESS

APPEARS BEFORE THE FEDERAL GRAND JURY IN NATION'S CAPITAL

(By United Press)
Washington, May 6.—Edward L. Doheny, Jr., of Los Angeles, son of E. L. Doheny, lessee of naval oil reserve number one in California, was a witness today before the federal grand jury there bearing evidence concerning the leasing of the naval oil reserves.

Doheny spent only six minutes in the jury room, giving rise to the belief that he refused to testify.

According to testimony before the senate oil committee by his father, young Doheny brought the black
